E-RAU MEDIA CENTER

Go placidly amid the noise and haste and remember what peace there may be in silence. As far as possible be on good terms with all persons. Speak your truth quietly and clearly and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons - they are vexations to the spirit. If you compare yourself with others you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs, for the world is full of trickery. But let that not blind you to what virtue there is. Many persons strive for high ideals, and everywhere life is full of heroism. Be yourself. Especially do not feign affection. Neither be cynical about love, for in the face of all aridity and disenchantment, it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline be gentle with yourself. You are a child of the universe - no less than the trees and the stars. You have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore, be at peace with God, whatever you conceive him to be, and whatever your labors and aspirations in the noisy confusion of life keep peace with your soul. With all its sham and drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

## DEDICATION

To the graduating seniors of Embry-Riddle . . .

Though the sun may be setting on one phase of your life, it will rise for you again tomorrow. You have given your all throughout your college years - you've laughed, cried, been joyous, been depressed, had happy times and sad times, but most of all you've learned. Not only have you learned academics and aviation, but you've learned about life. You're ready to go far - go ahead and pursue your every dream and aspiration and be proud with it.

Farewell

# offering intoxicating humor literary tang and occasional verbal sting.

## Ingredients:

Ellen Nagourney — only ingredient to voluntarily evaporate. She came to the bottle bubbling, left boiling.

Paul Hansen — sole supporter of vineyard production, only staffer to electrocute himself while "under the influence." This TDY officer has succumbed to the hassles of this institution by continually falling off his bike in fits of true coordination.

Jim Zurales — This young flyboy covers stories like a cub reporter continually wings his way to far sides of the state in search of the missing cork-screw.

Klyde Morris — informant - creator of Hunt world. Has been known to colonize underneath editorials. Nibbles bits 'n pieces of The Big Cheeses.

Chuck Henry — sports editor who hates baseball, loves Nicki (his dog) and only staffer to join the Natural Insemination team — One need only ask what his favorite pasttime is.

Bill Hume — a monetary genius accounting for this 'n thats — only staffer who managed to seep in or out of the bottle unharmed.

Jeanie — a spirit that seeps from the elements and to the rescue when the chips are down. Vital element for fermentation. A word of caution, bubbly ingredients assures no corkscrew needed for the (78) bottle.

Mark Shumway — the copy genius whose masterpieces sends the administration soaring. Generally accredited with polluting a previously straight bottle.

Dick Butler — only ingredient with self-contained spirits - boosted with an occasional cup of caffeine. Anyone care to donate a couple of greys for "the beard?"

Bottled exclusively by Ray Katz, with tangy editorials, Katz whiskers, and a signature block that would have covered the entire ingredients label.

\*Caution - may cause distinct hangover in future years.

Through a year of aging (maturation) the contents of the bottle absorbed, changed and sometimes rejected ingredients. In a real sense, this bottle is a mystery potion—we don't know all that's in it, nor do we know why the ingredients act as they do. All influences, however, were affected by the bottle, just as each one has indelibly marked the finished brew.

## CLOSING

One time my friends and I decided to put together a yearbook. Many times we thought the decision unwise. A few times we thought it wise. The hassles were many, with too little talent, too little money, too little time, and a lack of office space. However, we were able to make it through with dedication, enthusiasm, late night working, hearing the sheets for 200, and most of all, Jan. We all worked hard to produce a collage of memories for all of you—its success depends on you. Thank you Ms. Cathey for sticking with it and all of your other contributions. Thank you Linda Mayberry for constant cheerfulness and your hard work with never a complaint. Thank you Joe, for all of your help we understand your ending situation. What would a yearbook be without pictures? Paul, there aren't enough words to justify my gratitude. I only wish that the staff next year could have had you. Thank you Dick for beautiful color photos, late nights, fingerprints and everything else. Thank you Jennie for all of your help and most of all, THANK YOU, JAN for the motivation. You kept us all going when things looked grim, you inspired everybody to hang in there—you made it all worth it! To all of you, thanks for putting up with me! In the future we will all look back and say "It was worth it." So long.

## DESIDERATA

and the noise and haste and remember  
ere may be in silence. As far as possible  
rms with all persons. Speak your truth  
early and listen to others, even the dull  
hey too have their story. Avoid loud and  
sons - they are vexations to the spirit. If  
yourself with others you may become  
r, for always there will be greater and  
than yourself. Enjoy your achievements  
ur plans. Keep interested in your own  
er humble; it is a real possession in the  
ines of time. Exercise caution in your  
s, for the world is full of trickery. But let  
d you to what virtue there is. Many  
for high ideals, and everywhere life is  
n. Be yourself. Especially do not feign.  
ther be cynical about love, for in the face  
nd disenchantment, it is perennial as the  
ndly the counsel of the years, gracefully  
surrendering the things of youth. Nurture strength of  
spirit to shield you in sudden misfortune. But do not  
distress yourself with imaginings. Many fears are born  
of fatigue and loneliness. Beyond a wholesome  
discipline be gentle with yourself. You are a child of  
the universe - no less than the trees and the stars. You  
have a right to be here. And whether or not it is clear  
to you, no doubt the universe is unfolding as it should.  
Therefore, be at peace with God, whatever you  
conceive him to be, and whatever your labors and  
aspirations in the noisy confusion of life keep peace  
with your soul. With all its sham and drudgery and  
broken dreams, it is still a beautiful world. Be careful.  
Strive to be happy.
